**TOWN OF EAST FISHKILL**  
**TOWN BOARD MEETING**  
**SEPTEMBER 24, 2020**  
**7:00 p.m.**

**REGULAR BOARD MEETING**

The Town of East Fishkill's Town Board Meeting on September 24, 2020 was called to order at 7:00 p.m. by Supervisor D'Alessandro.

**Supervisor's Announcements**

Supervisor D'Alessandro stated the Police Chief and Supervisor have been continuing discussions with Dutchess County and the mayors and supervisors within the county that have police departments. They are complying with the New York State Police Reform and Reinvention Collaborative. Calls with the County Executive are being continued. East Fishkill is one of only three accredited police agencies within Dutchess County. This has to be redone every four years. Executive Order 203 stipulates that every municipality with their own police department has to have a public comment meeting. This requirement was met on Tuesday night. He thanked everyone who participated.

The water filtration project at Hillside Lake is being worked on. There was a delay because of Covid. Construction is taking place. He thanked the Highway Superintendent and crew for doing a lot of the work there. The Consent Order from the DEC has been received and they want to fine the Town \$50,000. Supervisor D'Alessandro spoke with the Commissioner of the DEC who stated they would probably mitigate that fine to possibly half or less as long as they adhere to all of the demands in the order. Those demands are very costly. They have reached out to the Town Engineers that do dam safety and engineering. He will inform the Board of the outcome of the meeting.

Tropical Storm Isaias hit East Fishkill extremely hard with 80% of people, and they are still fighting with Optimum. The storm did cost the Town and they are working with FEMA to see if there are reimbursable expenses. Dutchess County was close to meeting the threshold for reimbursement. He thanked the Comptroller for his work on that as well as all of the first responders who assisted with the storm. The Highway Department did a tremendous amount of work as well.

Last month a resolution was passed to receive an application from Blue Water Realty for a Redevelopment Permit for the West Complex. Interested and involved agencies were notified. This would be constructed behind the dome. There will be a Public Hearing November 5 at 7 PM with the Planning Board as well as a special workshop. There will also be a special voting meeting at the October workshop for the Town to declare Lead Agency for this project. He thanked the professional staff for all of their assistance with this. The Economic Development Committee has been very useful for bringing new uses into the town as well. He

wanted everyone to know that the Town has no control over private building such as the Dome. It is the Town's responsibility to make sure they get inspected and follow all State and Town Codes. They cannot force them to finish the job. He has the 2021 Town Preliminary Budget to present to the Board. He feels it is a very quality budget. The budget will be reviewed at the October 8 workshop and the Budget Hearing will be on October 22 to be voted on. The budget being presented today is below the New York State mandated tax. They have addressed the major concerns such as paving and drainage. There is possibly a million-dollar shortfall this year with income. He thanked all department heads and employees for helping with the spending holds. People who took buyouts were not replaced. The Town has never broken the New York State tax cap and he stated it probably never will.

Last month Supervisor D'Alessandro met with the Fire Commissioners for the quarterly meeting. The Town has the largest volunteer fire department in Dutchess County and he thanked them for their service.

Supervisor D'Alessandro has been in communication with the EPA regarding the Hopewell North Water District. There were some problems at the pump house at the new filtration building. Things have been repaired.

**Roll the Call:** Supervisor D'Alessandro asked Town Clerk Hurray, to call the rolls.

**Public Hearing:**

1. Open Public Hearing with respect regarding Commercial Filming within the Town.

Motion to open the Public Hearing: Board Member Franco. Seconded: Board Member Beephan. All voted in favor. Motion carried.

Supervisor D'Alessandro stated a lot of times people want to do filming in the town. There are no laws or permitting in place to regulate these sort of things. There was a request to do some local filming, but they wanted to close down roads and do some work in the area. There needs to be some guidelines for this

activity.

Supervisor D'Alessandro asked if there was anyone to speak for or against this local law. There was no one. He asked if there were any questions or comments from Town Board members.

Board Member Marinaro suggested that besides the Town Supervisor, the Engineer, and the Highway Superintendent, that the Police Chief is also included to review and approve the applications. Supervisor D'Alessandro stated that would not be a problem.

Board Member Beephan asked if this excluded commercials if a small business wanted to do something. Supervisor D'Alessandro stated that was correct. Attorney Wood stated this was to make sure that everyone involved would get notice and protects the Town liability wise. Closing roads while using the property would still need to be approved by the Town Board.

Board Member Franco asked if the fees would be determined at a later date and Supervisor D'Alessandro said yes, there will be a separate resolution for that.
