Billy Mainiero
Water & Sewer Department

To the Residents of the Four Corners Water District:

The Town issued an irrigation suspension notice on June 26th that became effective on June 29th. On July 16th the Town lifted the suspension and implemented a limited irrigation schedule which was modified on July 24th to better accommodate the homeowners.

Unfortunately, several homeowners are not abiding by the schedule. We have received numerous calls and emails regarding this situation.

We are still in a drought situation and need everyone to cooperate and abide by the schedule!

If homeowners continue to not follow the schedule, the Town will be forced to take further action. The Town can implement a state of emergency, whereby prohibiting homeowners the use of water for irrigation.

Subsequently the Town can issue summons with fines attached to any homeowner in violation of the state of emergency. To avoid this situation, the Town is seeking compliance from all homeowners.

Please follow the attached schedule for irrigation. If you are unable to follow the schedule you will need to contact the Town Water Department at 845-221-2427 ext. 242.

Thank you,

Billy Mainiero
