Billy Mainiero
Water & Sewer Department

To the Residents of the Four Corners Water District:

The Four Corners Water District continues to operate the water system with a water irrigation usage schedule for 2021. Restrictions include irrigation and no filling of pools.

We are working to eliminate the need for water usage schedules and need your continued cooperation. Please follow the attached schedule for irrigation. If you are unable to follow the schedule you will need to contact the Town Water Department at 845-223-5114 ext. 242.

The Water District previously issued an irrigation suspension notice on June 26th, 2020 that became effective on June 29th, 2020. To better accommodate property owner requests, on July 16th, 2020 the Water District modified the suspension and implemented a limited irrigation schedule on July 24th, 2020. We continue to resolve the limited water and are identifying new sources that will be permitted and approved by the Health Department.

Unfortunately, there were many reported incidences of homeowners not abiding by the schedule in 2020. If homeowners are found to continue violating the irrigation schedule, the Town will need to take further action. Actions may include fines and possible water usage discontinuance. To avoid enforcement, the Water District is seeking respectful compliance from all homeowners. When we have more information, we will notify the residences.

Thank you for your continued cooperation!
