

East Fishkill Area Hometown Heroes

Banners will be 3' x 5' and be hung on various utility poles throughout the town of East Fishkill. Banners will be double sided and can have the same hero on each side or two different heroes per banner. Gold star will indicate that the hero was killed in battle. A blue star will indicate survival. Veterans or members of their family will be asked to be interviewed by local high school students who will then give a report about the veteran. This will be on a voluntary basis only. Charles "Manny" Bacon was the first Hopewell Junction resident to die during World War II and his will be the first banner made.

Date: _____
